

# Sri yantra - Geometry

As this symbol is the starting point for all people wishing to have a kind of mercy depending not on prayer or devotion as this symbol has its ground in the reality itself.

As its geometry it gives the radiance of the light of the sun and daylight  
As to keep it in home at work  
as art visible to you and your loved ones.

As to print it at this size works best,  
So be blessed by this simple symbol  
As to find it yourself is at:  
Wikimedia Commons, Sri Yantra - Johari.
